Summary

Hey there! 🙋 I'm currently navigating my B.E. in Computer Science and Engineering at Jaya Engineering College, with a keen interest in frontend development.

I enjoy turning complex problems into simple, beautiful, and intuitive designs. Living in Chennai has exposed me to a vibrant tech community, which continually fuels my ambition to innovate and excel.

Every internship I completed has honed my skills in HTML, CSS, JavaScript, and other frontend technologies.

🏆 My goal is to bring creative and practical web solutions to the table, aiming for excellence in every project I touch.
